EXPLANATORY NOTE

Original Version

This resolution builds upon AIPA's ongoing efforts to refresh and modernise its identity in line with the organisation's evolving vision, values, and role in the region. Article 24 of the AIPA Statutes provides for the existence of an anthem. The idea of composing a new anthem was first raised during the 44th AIPA General Assembly, when Indonesia proposed the creation of a replacement, and the Organisational Committee endorsed the establishment of an ad-hoc committee to oversee its development.

During Malaysia's AIPA Presidency, the song "Together We Thrive" was introduced, receiving positive feedback from Member Parliaments for its uplifting message of unity, diversity, parliamentary cooperation, sustainability, and the empowerment of women and youth as core principles upheld by AIPA. This resolution reaffirms the earlier decision to form the ad-hoc committee and proposes that "Together We Thrive" serve as a creative reference.

A new anthem holds symbolic importance as an anthemic expression of ASEAN spirit for all Member Parliaments, reflecting the dynamism, diversity, and aspirations of ASEAN in a way that resonates with both current and future generations. It is envisioned not only as a ceremonial element but also as an expression of AIPA's identity and shared commitment to the ASEAN peoples.
